

An historic event took place on Tuesday evening 31<sup>st</sup> July in Clonastee. It was a proud evening for Clonastee St. Manman's G.A.A. Club as they celebrated the purchase of Fr. Keogh Memorial Park which was concluded during the week. This was the result of much fundraising and hard work by many past and present Club Officials and Members, and Clonastee St. Manman's G.A.A. Club would like to thank the local community and their sponsors for their on going support of the G.A.A. Lotto tickets and the various fund raising events which made the purchase possible. They would also like to thank Fr. O'Reilly and Chris Horan, together with the Trustees, for their valued support.

The evening opened with the Presentation of Jerseys from Fallons Lounge Bar to the Club, and speeches were made by Club Officials thanking everyone, wishing the teams well in the Championship, and congratulating the newly formed Rounders Club on their recent success.

Photographs of the Presentation of Jerseys were taken on the night for the purpose of updating the Website and the Club website is well worth a visit as you can also find their 5 Year Development Plan recently launched by G.A.A.

President Mr. Liam O'Neill. This Plan is the result of a series of workshops and discussion by Club Members, the local community, Laois Co. Board and Croke Park and sets out the aims of Clonaslee St. Manman's G.A.A. Club. The purchase of the pitch represents a major step forward on the Development Plan as the facilities can now be improved to meet the needs of all Members. The pitch itself was restored to excellent condition for the feile and thanks was expressed for all to helped at that time. The Committee look forward to the continuing support of members and the local community as it goes forward promoting our national games for all to enjoy.
